For nearly 5 years now, ReWritten has been transforming the lives of young people who are living in compromised conditions. Single-parent homes, financial hardship and unstable social environments are just a few of the conditions plaguing our young people. ReWritten and its programs provide much needed relief from the day-to-day struggles our young people are facing.

Our annual gala plays an important role in the financial support of our impactful programs and services offered year round. To date, the last 4 galas combined have raised over \$150,000 towards rewriting the futures of hundreds of young people. We are extremely grateful and honored by the generosity of our supporters, volunteers, and guests each year who help to make the evening a great success!

This year we will be highlighting the impact we have been making within the fatherless community. With nearly 98% of the over 300 participants we have served living in a father-absent home this is a somber statistic in urgent need of healing and restoration.

With your support, we can continue to make a real difference in the lives of children and their families at a time when they need it most.

On behalf of the children and families we serve, we thank you for your consideration and hope you will join our efforts for this exciting and inspiring evening!

With gratitude,
